4.3. Format for Team Competitions

Team competitions will be organized based on the relevant ISU Technical Rules and ISU Communication 2651, and/or other documents issued by the ISU Speed Skating Technical Committee.

5. Pairing, Drawing and Start Lists

5.1. Team Leaders' Meeting and Drawing

- a) A Team leaders' meeting may take place before the first day of the Competition, with the purpose of confirming the final entries and presenting race schedules and other logistical information. On subsequent days the Team leaders' meeting will be replaced by a procedure where Team leaders submit information by a given deadline on final entries for the following day. Start lists will be distributed to the Team leaders' online.
- b) On subsequent days the start lists for the following day will be determined by the Referee based on the entries confirmed at the Team leaders' meeting or procedure as indicated above in paragraph 5.1.a) and the rules given below in paragraph 5.2.
- c) Each participating ISU Member is obliged to attend the Team leaders' meeting, but participation is restricted to one person (the officially entered Team leader or another person authorized by the Team leader) unless another person is requested for translation purposes.

5.2. Pairing and Start Lists at the First ISU World Cup Competition for Individual Distances

- a) Before noon (12:00) on the day of the *Team Leaders' meeting* for the Competition, the Team leaders must confirm to the Sport Expert their entered Competitors, for all distances to be skated in the Competition. The Referee then places the entered Competitors, based on their individual ranking in the time ranking list described in 4.1.3 above (for Mass Start based on the 2023/24 World Cup ranking), in accordance with the ranking positions of Skaters from the respective ISU Members in the final World Cup ranking 2023/24 in the distance concerned, respecting the entry quotas specified in paragraph 3.1.3 above.
- b) For the short distances (500, 1000 and 1500m) and Mass Start, Division A shall consist of the Competitors placed in the top 20; for the long distances (3000/5000m), Division A shall consist of the Competitors placed in the top 16. Division B shall consist of the remaining Competitors. Adjustments will be made in case of an exceptional number of Competitors in Division A as per paragraph 4.1.1 above.
- c) In each division, Competitors will be ranked according to their seasonal best time, except for Mass Start where Competitors will be ranked according to the final World Cup ranking 2023/24. The starting order of the pairs shall be opposite to the ranking order of the Competitors so that the Competitors with the lowest ranks will start in the first pair, and so on. The better ranked Competitor in a pair shall start in the inner lane. However, the last 3 pairs (top 6 ranked Competitors) in Division A are to be drawn by lot. In the case of an odd number of Competitors, the first pair will consist of a single Skater.

5.3. Pairing and Start Lists After the First ISU World Cup Competition

- a) Competitors, both in Division A and in Division B, shall be paired according to their individual World Cup rank. An extended World Cup ranking is established by ranking Competitors with no World Cup points according to their best achieved time in World Cup races during the season 2024/25. Competitors with no results from World Cup races held during the season shall be ranked thereafter, based on their seasonal best time. The starting order of the pairs shall be opposite to the ranking order of the Competitors so that the Competitors with the lowest ranks will start in the first pair, and so on. The better ranked Competitor in a pair shall start in the inner lane. However, the last 3 pairs (top 6 ranked Competitors) in Division A are to be drawn by lot. The better ranked Team Pursuit and Team Sprint team in a pair shall start in the finishing straight. The Team Pursuit and Team Sprint teams from the four best ranked ISU Members shall be drawn to form the two last races. For Mixed Relay, the composition of the races shall be made by placing the Teams in the races based on the current ranking list, i.e. the number one ranked Team will be placed in the last race, the number two ranked Team will be placed in the second to last race etc., filling the races from the last race to the first race in the first instance. The second row, i.e. the second Team in each

race, will be filled from the first race to the last race. The next rows will be filled alternating from the last race to the first race, and from the first race to the last race until all Teams have been placed as follows:

An example with 16 Teams competing:

<u>Race 4</u>	<u>Race 3</u>	<u>Race 2</u>	<u>Race 1</u>
Team 1	Team 2	Team 3	Team 4
Team 8	Team 7	Team 6	Team 5
Team 9	Team 10	Team 11	Team 12
Team 16	Team 15	Team 14	Team 13

An example with 15 Teams competing:

<u>Race 4</u>	<u>Race 3</u>	<u>Race 2</u>	<u>Race 1</u>
Team 1	Team 2	Team 3	Team 4
Team 8	Team 7	Team 6	Team 5
Team 9	Team 10	Team 11	Team 12
Team 15	Team 14	Team 13	

The last heat with the highest ranked team shall always consist of 4 teams and skated in the last heat (pair). Teams entered without World Cup points or time (have not competed in the World Cup during the current season) will be drawn by lot to determine their starting position.

- b) The above procedure applies also for the first (and only) competition in 5000m Women and 10000m Men, with the drawing based on the current extended World Cup ranking in the long distances, subject to meeting the qualifying time in paragraph 3.1.2).

5.4. Rearrangement of Races

- a) In case of withdrawals after the draw without a substitute, rearrangements of pairs will be done according to Rule 245, paragraph 1. If the non-medical withdrawal is submitted within 60' of the start of the applicable distance, the Skater will not be eligible to compete in any other distance on the same day.
- b) After rearrangement in Division A as described in Rule 245, paragraph 1, the best ranked Competitor(s) from Division B will be promoted to Division A and be placed in the vacant spot(s) before rearrangement in Division B.
- c) In any case, if a Substitute(s) is entered, the substitute can only be placed in the vacant spot open in Division B according to Rule 245, paragraph 2.
- d) Rule 245, paragraph 3, must be respected.

5.5. Composition of Quartets

In the case of quartet starts, the four Competitors with the best World Cup ranking shall form the last quartet, and only the first quartet may be incomplete.

5.6. Mass Start Starting Order

5.6.1. The First ISU World Cup Competition of the Season

If the competition is skated with one race (all Skaters in Division A) only, the seeding of the entered Skaters will be determined by the final World Cup ranking 2023/24 and will determine the starting order (lineup). Skaters not ranked by the final World Cup ranking 2023/24 will be ranked according to their best seasonal best time for the 1500m.

5.6.2. After the First ISU World Cup Competition

If the competition is skated with one race (all Skaters in the Final) only, the current World Cup ranking of the entered Skaters will determine the starting order. Skaters without World Cup points will be ranked according to their seasonal best time for the 1500m.

5.7. Team Competitions

The composition and sequence of races will be determined according to paragraph 4.2.4 above.

6. Points and Ranking System for World Cup Rankings
